Career Objective

Motivated and curious B.Tech (Information Technology) student from Barkatullah University Institute of Technology, Bhopal (2023–2027) with hands-on experience in Web Development and Python programming. Passionate about learning Data Structures & Algorithms, building projects, and gaining real-world exposure through internships to prepare for placements in top IT companies.

Education

Bachelor of Technology (Information Technology)
Barkatullah University Institute of Technology, Bhopal (2023 – 2027)

Technical Skills

Languages:	C++, Python, JavaScript, HTML5, CSS3
Web Technologies:	React.js, Node.js (Basics), Express.js, Bootstrap
Database:	MySQL
Tools & Platforms:	GitHub, VS Code
Other Skills:	DSA (Learning), Communication, Team Collaboration, Problem-Solving

Projects

Portfolio Website - Designed and deployed a personal portfolio to showcase skills, certifications, and achievements. Used HTML, CSS, and JavaScript for building a responsive and interactive user interface.

Netflix Landing Page Clone - Created a responsive landing page inspired by Netflix using HTML, CSS, and JavaScript. Focused on UI design, layout structuring, and mobile responsiveness.

Ongoing Learning Projects - Currently exploring React.js, Python, and C++ DSA through small coding tasks and practice assignments. Building hands-on experience to develop a full-stack project in the upcoming semester.

Technical Training & Internships

Web Page Designing & Development – BECIL (Apr–Jun 2025) - Completed MeitY-certified training on frontend technologies (HTML, CSS, JS). Built multiple mini-projects focusing on UI/UX and responsive layouts.

Technology Job Simulation – Deloitte (Forage) (Jun–Jul 2025) - Simulated software consulting tasks involving problem-solving, DSA, and client communication.

Cybersecurity Analyst Virtual Internship – Tata Group (Forage) (Jan 2025) - Learned fundamentals of system security, vulnerability assessment, and report documentation.

Certifications

- Geeks of Gurukul Hackathon – Apr 2025
- AWS Cloud Foundations – Dec 2024
- Simplilearn AI SkillUp Course – Oct 2024
- Tata Cybersecurity Analyst Simulation – Jan 2025
